Pollinator Week

June 19-25, 2023

- WHEREAS Pollinators including birds, bees, bats, butterflies and beetles play an important role in production of our food supply;
- WHEREAS Pollination plays a vital role for the trees and plants in our community, enhancing our quality of life and is necessary for maintaining a healthy and diverse ecosystem;
- WHEREAS Citizens have a critical role to play to help save declining pollinator populations;
- WHEREAS The Town of Comox is striving to become a leader in this field by promoting the planting of native plant species, protecting and maintaining pollinator habitat and restricting the use of pesticides;

NOW THEREFORE,

**I, Mayor Minions, do hereby declare
June 19-25 as Pollinator Week
in the Town of Comox.**
